TO WHOM IT MAY CONCERN

This Reference letter will confirm that I have known Tanya Kodrasova for the past twelve years during which time she has worked for me in the capacity of General Household help. This included duties such as babysitting, cooking, cleaning and ironing. At all times Tanya has proven herself to be trustworthy, punctual, extremely hard working and 100 percent reliable in all matters.

In all the years she has worked for my family she has been friendly, polite and respectful to all our family members. She has often gone over and above her regular duties in order to assist us with additional activities such as scheduling of repairmen in my absence.

It is for these reasons that I highly recommend Tanya for any suitable position within a family or in which she can utilize her many multitasking skills.

Sincerely,

Peta Matousek
